### HOW FORENSIC EXPERTS SPOTTED GMD BARU....

**Dear Colleagues,**

During the week, a team of experts from the Chartered Institute of Forensic and Investigative Professionals of Nigeria (CIFIPN) literally took over the expansive 11th Floor, Block A Board Room in a spirited attempt to seek audience with Dr. Maikanti Baru, FNSE.

Shrugging-off the waiting period occasioned by the long list of visitors in tow to meet with their would-be host, the team bided their time until the opportunity came for the desired inter-face with GMD Baru.

But, what gave rise to the unusual visit by the forensic professionals to the NNPC Towers? Why were they bent on face-to-face meeting with the GMD?

Stay tuned to ***Oil & Gas Forum this Sunday at 8.PM on NTA Network and NTA International*** as well as ***Radio Nigeria Network News at 7.AM on Monday*** for the complete story.
